

## **DO I GET REIMBURSED FOR TRAVEL?**

Yes. If you are required to be absent from work as a result of a work related injury, your employer must either furnish you with means of transportation, such as a cab or an ambulance, to get to the doctor, or reimburse you at the statutory rate of 36.5 cents per mile for your travel. Further, you are entitled to be compensated for the time you lose from your work while you are driving to the doctor, while you are *at* the doctor, and while you are driving home from the doctor.
